Why display?

Too often at large national trade shows, many of your customers can't find the time to meet with you or they were not able to attend. AERA understands that traveling to national trade shows to gain knowledge and network can be very expensive. By teaming up with a regional host, AERA helps make it easier for engine builders and rebuilders to attend a conference in their area with the vendors they do business with. All AERA members as well as non-member shops from that specific region will be invited. AERA and the host will be inviting all potential attendees.

AERA is inviting you to exhibit at these conferences and hopefully you will realize the benefits of the more intimate setting.

Each vendor will be supplied a 6-ft. table to display their products and literature. If you are not able to attend personally, AERA will set out your literature for you.

AERA Associate Member Price:

\$400 INCLUDES ONE 6-FT. TABLE

Non AERA Member Price: \$600

Face-to-face contact with current and potential customers at these very reasonable rates just makes good sense.

Tentative Conference Schedule

The technical session content will be different at each conference, however, each conference will follow the same basic schedule outline:

9:00 - 10:30 am	TECHNICAL SESSION #1
10:30 - 10:45 am	Morning Break
10:45 - Noon	TECHNICAL SESSION #2
